

## **Conflict Minerals Policy**

Marlin Technologies supports the initiative to discourage the use of conflict minerals originating from Democratic Republic of the Congo (DRC) and surrounding countries, per Section 1502 of the U.S. Dodd-Frank Wall Street Reform Act.

It is the policy of Marlin Technologies to strive to ensure materials originating from the Conflict Region are not used in any of our processes or products.

As part of our reasonable inquiry, Marlin Technologies has contacted our component suppliers within our supply chain to verify their compliance with the regulations. Based on the information provided by our suppliers, Marlin Technologies does not knowingly use materials from the Conflict Region.
